Kestrel Auto Imaging

Imported automotive electronics | Kolkata

Response to: Velocity Fleet Services Ltd — VFS-RFP-2026-008: Supply of 5,000 dual-channel dashcams for the commercial fleet
Submission date: 2026-10-22

1. Introduction

Kestrel Auto Imaging imports and distributes the K-Eye 4K dashcam, manufactured by our contract partner, and provides local service in India.

2. Product Specifications

- 4K front camera at 30 fps and 1080p cabin camera.
- Field of view 150 degrees front.
- Storage up to 256 GB microSD; Wi-Fi app for downloads.
- Lane departure warning; no 4G connectivity in the standard model.

3. Quality and Certifications

The K-Eye 4K is CE and FCC certified. BIS certification will be applied for after the order is confirmed. Operating temperature is -10 to 60 degrees Celsius.

4. Supply and Lead Time

Units are shipped by sea from our contract manufacturer. Expected lead time is 12 to 16 weeks, depending on shipping schedules and customs clearance.

5. Pricing and Warranty

Item	Amount (INR, excl. GST)
K-Eye 4K unit price at 5,000 units	7,950
Warranty	1 year, return to base

6. Data and Firmware

The companion app stores clips on a cloud service hosted outside India. Encryption of stored video is not supported. Firmware updates are released by the manufacturer from time to time.
